Section VI. Schedule of Requirements **Delivery Schedule:** 90 Calendar Days Upon Receipt of Notice to Proceed	**Section VI. Schedule of Requirements** **Delivery Schedule: 120 Calendar Days Upon Receipt of Notice to Proceed**

Answers to Queries of Bidders

CLARIFICATIONS/RECOMMENDATIONS	ANSWER/RESPONSE
May we respectfully clarify whether the requirement for registration in the Official DOE Solar Photovoltaic (PV) Installer Registry may be made optional, provided that bidders can demonstrate equivalent technical capability and relevant experience in Solar PV installation?	The BAC regrets that the requirement cannot be made optional. Registration in the Official DOE Solar Photovoltaic (PV) Installer Registry, evidenced by the DOE Certificate of Registration, is a mandatory eligibility and technical requirement under the Terms of Reference. Bidders must submit the certificate as stated in the Bid Documents. Equivalent technical capability or experience cannot substitute for it, and the BAC cannot waive it without affecting all prospective bidders.

May we respectfully request an extension of the project duration from 90 Calendar Days to 150 Calendar Days?	The BAC regrets that the requested extension to 150 calendar days cannot be granted. However, the BAC agrees to extend the project duration from 90 calendar days to **120 calendar days** upon receipt of the Notice to Proceed. This revision will be formally issued through a Supplemental/Bid Bulletin and will apply to all prospective bidders.
May we respectfully request an extension of the bid submission deadline from 19 November 2026 to 26 November 2026 to allow bidders sufficient time to prepare and submit responsive proposals?	The request to move the deadline to 26 November 2026 is not granted. The bid submission and opening remain on 19 November 2026, Thursday. Prospective bidders have had sufficient time to prepare their bids.

For the guidance and information of all concerned.

RONALD REAGAN T. ALONZO, Ph.D.
BAC Chairperson
